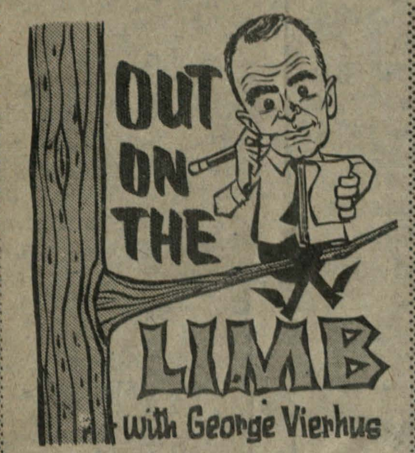
A HAPPY NEW YEAR EVERYONE!



OUR PICTORIAL REVIEW of 1964 which appears in this issue does a fair job in recalling some of the highlights of the past 12 months.

But there is not enough room in this one paper for all the "reruns" we would have liked to present. Consequently our pictorial coverage of the year must of necessity be limited.

We made no effort to choose the "picture-of-the-year".

A cursory examination of our files did not reveal any single picture that was outstanding enough to be given that label.

As a matter of fact, even the staff could not agree on what pictures deserved to be replayed, let alone which one stood out from all the rest.

Although the Chinese centuries ago are supposed to have said that one picture is worth 10,000 words, we find that this does not hold true when attempting to review the events of one year.

-0-

FOR EXAMPLE, there is no picture showing the awarding of the contract for the Campbell Avenue street improvement contract for $349,618, the largest such improvement project in the history of the city.

That was done in 1964.

And the Hamilton Avenue improvement which will total almost as much, is almost ready to go. No picture on that either.

There is no photo either showing the disappointment by many of the failure of the passage of the $16 million junior college bond issue when 58% voted affirmatively.

And no photo records the passage of the Moreland, Campbell elementary and Campbell High School bond issues.

AND, PICTORIALLY, how in the world can one show the adoption of record-breaking budgets for the city and the school districts?..

Or, by pictures, how can you show that there was a building slump in the area which affected the school district planning by curtailing state financial aid?

OR how can we give you a picture, other than by words, of the controversy raging between the city and the water conservation district over a 10-acre parcel of Los Gatos Creek land...or even

WIDENING--This week the City of Campbell completed the widening and striping of Winchester Blvd. at Camden Ave. Despite a certain amount of confusion at first because of the new traffic pattern established, city officials have high hopes that the traffic flow will be improved at that complicated intersection.

They became world champs!

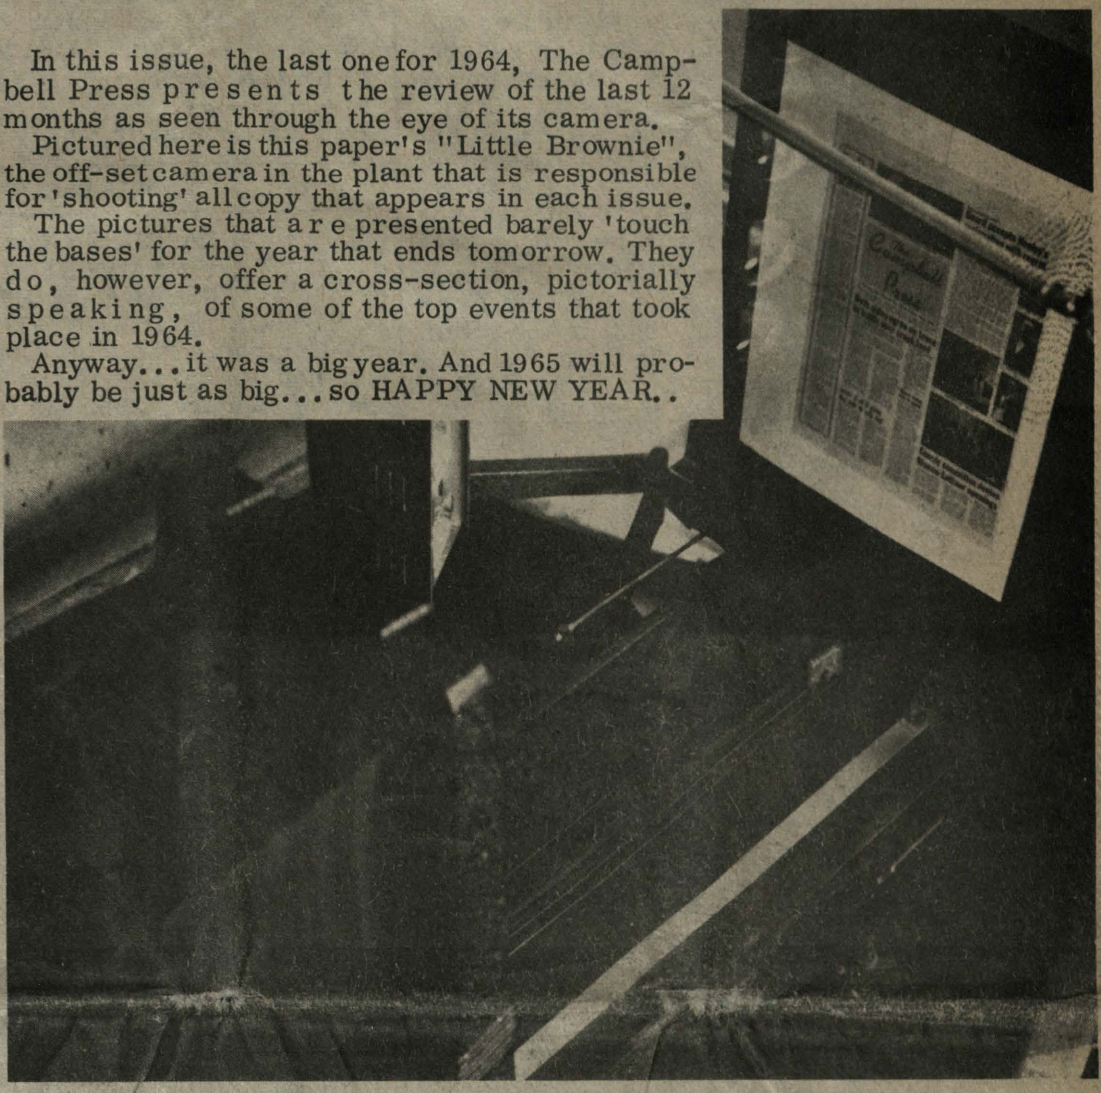
Campbell Press camera records events of 1964

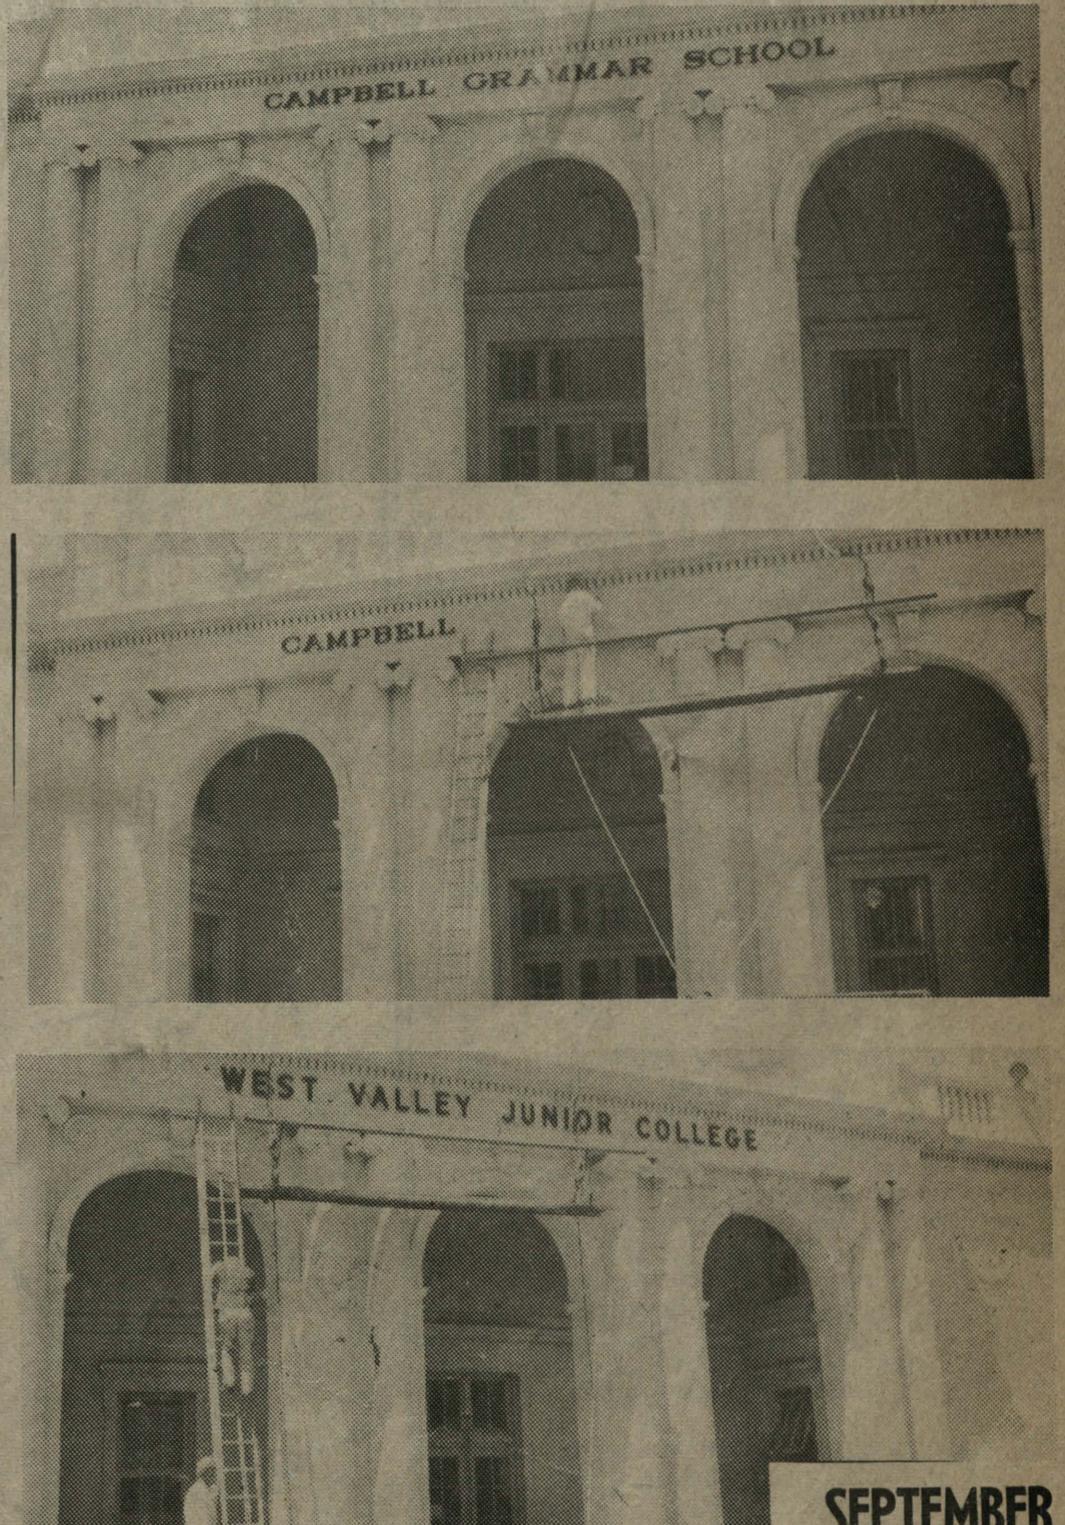
In this issue, the last one for 1964, The Campbell Press presents the review of the last 12 months as seen through the eye of its camera.

Pictured here is this paper's "Little Brownie", the off-set camera in the plant that is responsible for 'shooting' all copy that appears in each issue.

The pictures that are presented barely 'touch the bases' for the year that ends tomorrow. They do, however, offer a cross-section, pictorially speaking, of some of the top events that took place in 1964.

Anyway...it was a big year. And 1965 will probably be just as big...so HAPPY NEW YEAR..





SEPTEMBER

SIGNS OF THE TIMES--the transition from an elementary school into a junior college became "official" when the sign on the old Campbell Grammar School was changed. Pictured are three views of the sign...before, during the transformation and after. The top photo shows the way the sign looked for 42 years. In the other photos, the painters put the finishing touches on the job which announces that the elementary school has become an institution of higher education for the next five years at least.

Mail appeal for dimes

Beginning Monday (Jan 4), Campbell area residents will receive a mail appeal for funds from the March of Dimes, it has been announced by William Ziegler, volunteer MOD director for this area.

"Millions of Mothers Ask Why" is the slogan used on the donor envelope which will go into 230,000 Santa Clara County homes this year. In campaign literature, the MOD asks prospective donors to face up to the long-ignored menace of birth defects.

The March of Dimes supports the National Foundation's program in the field of birth defects. In addition, funds go to care of patients who contracted poliomyelitis before development of Salk and Sabin vaccines and to support the Salk Institute for Biological Studies.

The Santa Clara County chapter, National Foundation-March of Dimes, maintains a year-round office at 1044 Lincoln Avenue, San Jose.

show that a truce is now in effect?

There is no picture either showing how Rincon and Latimer Avenues will look when they are blocked off by the San Tomas Expressway or how this will affect the community.

We'll go along with the Chinese on this picture bit...on the whole.

That's the reason for our pictorial review in this issue.

But there were many important events that occurred in 1964 in our community that were not recorded on film..

We always enjoy doing a review, either pictorially or otherwise, at the end of a year.

It brings to mind some of the important events that have become hazy even to us in 12 short months.

-0-

AND ANOTHER THING--a review always amazes us. It shows how much does and can happen in one single community in one single year.

It halfway prepares one, in a scary sort of way, for the new year.

For a review of the year always shows that there were tragic happenings as well as happy ones...

There were deaths as well as births...

There were failures as well as successes..

There was humor but also pathos...

So, as one looks back on the last 12 months, one also tries to sneak a look at the same time into the crystal ball for the next year...

But our particular crystal ball is always cloudy...

How about yours?

Anyway, drop the curtain now on 1964... Right now it's HAPPY NEW YEAR...

Council claims supervisors gave Campbell 'fast shuffle'

Campbell City Council members in their last meeting of the year on Monday expressed bitterness over the action of the supervisors which denied Campbell's plea to have Rincon and Latimer cross the San Tomas expressway.

The supervisors acted on the recommendation of the Trafficways Committee without giving Campbell officials a chance to be heard. It was pointed out that the city had not been notified that the issue was on the board's agenda.

The action of the board was taken before a letter from the City Council requesting that the matter be placed on the agenda had been received. On Monday the Council directed the city manager to take the necessary steps to reopen the issue.

In other actions Monday, the City Council:

1. AGREED to meet on January 6 with the directors of the Santa Clara Valley Water Conservation District to discuss the acquisition of park areas on Los Gatos Creek.

2. DIRECTED that a definite street tree planting program be undertaken on Campbell Ave. and Hamilton Ave. which are being improved in this city's biggest street improvement project. On Campbell Ave. the trees would be planted either in yards (if property owners are willing) or in the parkway. On Hamilton it was proposed to plant trees in the strip in the center.

3. APPROVED the appeal of Winchester Plumbing on Gilman Ave. to allow new construction to extend three-feet into land already dedicated to the city because of a surveying error. The city will in effect sell the property back to the original owner. It was explained that the extension would not effect the traffic situation on the street.

4. AUTHORIZED the transfer of $21,684.03 from the storm drain fee fund to pay this city's share of the Moorpark District Improvement Association. The district involves Campbell, San Jose and the county.

5. APPROVED the plan of Briggs and Bell, local developers, to construct a bridge on the extension of Hamilton Ave. in order to coordinate the construction. Under the proposal, Briggs and Bell would be reimbursed for their work from the county.

Jaycees plan tree pickup

Campbell Junior Chamber of Commerce members will swing into their first community project of the new year on January 2-3, 1965, when they stage a Christmas tree pickup and disposal event.

The Jaycees plan to cover the entire town with this activity. Residents wishing to avail themselves of the service offered by the Jaycees can call Jerry Duncan, at the city's corporation yard (378-8148) between 9 a.m. and 5 p.m. on January 2-3. Residents can also look for the Jaycee truck and workers when they hit an area.

A charge to the residents of 25-cents will be made for the pickup service, Duncan said. The size of the tree will present no problem, he added.

On Saturday morning, January 2, the southwestern area of the city will be covered. This area extends from Bucknall Road and Rincon Ave. south to Pollard Road and Winchester Blvd. and west to Quito Road.

On Saturday afternoon, the Jaycees will cover from Latimer Ave., south to Bucknall and Rincon and from Winchester west to Saratoga.

On Sunday morning, Camden Ave. north to Hamilton and Winchester east to Bascom. The section from Dry Creek Road north to Hamilton and from Bascom to Leigh will also be covered Sunday morning.

The remainder of the city from Bascom to Saratoga Ave. and from Latimer north to Payne will be covered on Sunday afternoon.

The wind-up of the activities of the Junior Chamber of Commerce for the project will take place at 6 p.m. on Sunday, January 3, when they light a bonfire in the city corporation yard of the trees they have picked up at the southern end of Dillon Ave.

City, school plan fete for Morton, Schraub

Craig Morton, University of California's All-American quarterback and former Campbell High graduate, and Jack Schraub, Morton's favorite passing target at both Cal and Campbell High, will be honored by the City of Campbell, Chamber of Commerce, and the high school on Thursday, January 21.

Awards will be presented by the mayor of Campbell, the president of the Chamber of Commerce, and the Associated Student Body President of the high school.

Morton and Schraub played all of their high school football together at Campbell High and graduated in 1961. While at Campbell, they set many football records and were active in student government as well as being fine students scholastically. Many of the football records at Cal are also held by the illustrious pair who have signed with the Dallas Cowboys of the National Football League.

The committee planning the banquet is headed by Campbell High principal, Robert M. Culp, and includes Paul Landwehr, secretary of the Campbell Chamber of Commerce; Jack Wagnon, Campbell High dean of boys; Billy Wilson, 49'er end coach and Campbell High graduate; and Steve Brydon, Campbell High Student Body president.

The banquet starts at 6:30 P.M. and cost of the tickets will be $2.00. Tickets may be purchased at Campbell High School or at the Campbell Chamber of Commerce office. Tickets will go on sale January 6.

The subject is "Project Alert" and the speaker is Vern Rutlen, a member of the Campbell High School Board of Trustees and past president of the Blackford High School Parent-Teacher Association.

"Project Alert" is important to everyone and especially to all parents. The purpose of the project is to coordinate the activities of all service organizations in educating parents on the causes, early signs, and remedial programs available to prevent juvenile delinquency.

1964 was a busy year for Campbell schools

DECEMBER

HENLEY TO RETIRE--In December William Henley, superintendent of the Campbell Union (elementary) School District for the past 21 years, announced that he planned to retire and submitted his resignation effective June 30, 1965. Neal Royer, assistant superintendent for the past nine years, has been named to succeed Henley.

DECEMBER

AT THE HEAD TABLE--L. E. End comes to Campbell's Roosevelt Redwood

END OF AN ERA--(AND A TREE)--Campbell's bid to historical fame, the 60-year old Roosevelt Redwood that was so long a landmark at Winchester and Campbell exists no more. Planted in 1904 by President Theodore Roosevelt, the death knell was sounded last week when the City Council ruled that there was no way to save the tree from the wheels of progress. It would be in the way of the improvements planned for the intersection.

The day after the Council made its final ruling, the tree came down. Thus the final chapter was written in the intriguing tale of a Campbell tradition. But there will be a sequel. By Council decision, benches will be made from the tree. Suitable plaques attached to the benches will explain the historical significance.

The tree came down without fanfare or flourishes. No pictorial record was made of the actual cutting, as there was no prior notification that the axe was about to fall. The above photos show the fallen monarch being pushed around and sawed up. One eight-foot length 92-inches in circumfeeence was saved for the city's benches.

OUR TOWN

By Grace Hebard

DID YOU hear the story about the car load of hunters and their dogs who slept most of the way while the disgruntled driver pressed on to their destination. He listened to the radio, sang, and even talked to himself to keep awake, but the hunters snored on. At one coffee stop he couldn't resist the impulse when he saw a stray cat. He opened the car door and threw the cat on top of the sleeping hounds. The resulting confusion and howl was good for a long laugh for many miles...

Three hundred and fifty kids attended the free movie at the Campbell Theater on December 22 so that their parents could shop. The successful project was sponsored by the newly organized Campbell Junior Chamber of Commerce. Santa Claus was there and handed out candy canes to all the youngsters...
